SWIM MEMBERSHIP INFORMATION

In order to be placed on The Irvington Club Swim Membership waiting list, a \$200.00 non-refundable deposit is required. The deposit is applied toward your initial summer's Swim Membership fee.

Swim Membership fees are set by the Board. The Board shall have the power to change deposit fees, membership fees, or other charges if the Board feels that to do so would be in the best interest of the club. Current Swim Membership Rates can be found on the Irvington Club website www.irvingtonclub.com.

The Irvington Club cannot guarantee a date when you will be invited to join. We can attempt to estimate a time line, but because memberships only become available as current Swim Members decline to renew, it is difficult to give an accurate timeline. Historically, approximately 20 memberships become available each summer.

To ensure members quality usage, The Irvington Club Board of Trustees instituted a swim membership cap. The current total Swim Membership cap is 120, which includes Family, Couple and Single memberships. This number may be changed at the Board's discretion.

In the event the applicant moves, it is the responsibility of the applicant to notify the Irvington Club of their new address and other contact information so membership invitation can be delivered.

Declining membership offer when it is offered will result in dropping to the bottom of the waitlist. Declining a second time will result in being dropped from the waiting list and forfeiting the non-refundable deposit.

Membership deposits are non-transferable and must be used by the applicant.

Swim Members are re-invited to join annually. Members will receive a renewal notification in April with a deadline for renewal in May. Membership renewals must be paid in full by the published deadline.

If members decline to return the following season they will have to return to the waitlist in order to rejoin (and place a non-refundable deposit).

For members who would like to retain their membership during a season where they will have limited or no use of the pool, they can join as a Single.

In the situation where an applicant is on both the Swim Membership waitlist and the Full Tennis Club waitlist and they are admitted as a Full Tennis Club member before they are invited to join as a Swim Member, their deposit for the Swim Membership will be applied to their Tennis Full Membership initiation dues. Tennis Membership deposits cannot be transferred to Swim Membership deposits or fees.

The Swim Membership runs from Memorial Day weekend through Labor Day weekend.

Swim Members have access to the pool and spa only. These memberships do not have access to tennis, the weight room, the sauna, or any other part of the Irvington Club.

The Board shall have the right to terminate and forfeit the membership of any member for cause. A membership shall not be terminated and forfeited unless a written notice has been mailed to the member at the member's last known address, which notice shall clearly set forth therein the reason for the termination and forfeiture of membership.
